CARRIAGE FACTORY. B. R. HOOD respectfully informs the public that he is still at his old stand in Clinton, where he continues to manufacture CARRIAGES, BAROUCHES ROCKAWAYS AND BUGGIES. He is prepared at all times to execute work with neatness and despatch. He superin

tends all his operations in person, and guarantees that his work shall be as durable, as neat, and as cheap as any other establishment in the State. He is now constantly employed in manufacturing and ap plying his new patent scroll springs, without which no niggy can be complete. These springs prevent the usual unpleasant motion, and add but little to the cost of a buggy and is of incalculable benefit, as they completely prevent that strain upon the other springs which has given rise to so many breakings. All who want an easy riding buggy will give him a call. May 28th, 1858
